# ELIGIBILITY & RULES

## ABOUT THE AWARDS

These awards are the League's highest individual honors and are presented annually to honor outstanding service.

**The C.C. Ludwig Award** is the League's highest honor for elected city officials. Recipients are chosen for their vision, statesmanship, and unwavering commitment to the public good. The award was established in 1962 and is named for Clarence C. Ludwig, who served as the League's executive director from 1935-1959.

**The James F. Miller Leadership Award** is the League's highest honor for appointed city officials, and is presented in recognition of outstanding leadership in public service and dedication to the community. Formerly known as the LMC Leadership Award, the name of the award was changed to honor former Executive Director James F. Miller, who retired in 2015 after 22 years of service to the League.

**The Emerging Leader Award** is presented in recognition and encouragement of elected and appointed officials who are early in their service to municipal government, have made meaningful contributions to their city, and show promise for continuing service and leadership.

## ELIGIBILITY FOR AWARDS

- To be eligible for an individual award, officials must currently be working in their position or serving in office at the time of nomination.
- City officials with eight years of experience or less are eligible for the Emerging Leader Award.
- No current members of the LMC or LMCIT Board of Directors are eligible for nomination until the year following the expiration of their Board term.

## EVALUATION

Entries will be evaluated by a panel of judges selected by LMC. No award shall be made if, in the judges' opinion, there is no qualified nominee.

In making their determination, the judges will consider the following factors:

- Service above and beyond what is required by the nominee's position. Contributions to improved municipal government throughout the state of Minnesota through involvement in national, state, county, municipal, professional, or other public organizations or agencies, including the League of Minnesota Cities.
- Significant improvements in Minnesota cities throughout the state, attributable to the nominee's service.
- Admiration and respect of the general public for the nominee, and the nominee's success in city government service.
- Selfless conduct focused on the greater good of all Minnesota cities, in addition to the nominee's own city.
- ***Emerging Leader nominees are not expected to have met all the criteria listed to the same extent as the other individual award nominees.***

City officials who are nominated for the first time this year and who maintain their eligibility will be kept on file and can be considered for three years (2025-2028).

## NOMINATION PROCESS

Nominations may be submitted by the city council of an LMC member city, or by a civic organization (for example: Chamber of Commerce, Rotary Club, etc.) concerned with local government, as long as the nomination has the endorsement of the nominee's city council.

No current members of the LMC or LMCIT Board of Directors are eligible for nomination until the year following the expiration of their Board term.
